

Leading with Experience: Engaging Older Adults as Community Leaders, a new tool kit from Experience Corps, summarizes the case for investing in leaders in the second half of life. The publication includes an overview of the Experience Corps leadership institutes, key findings and conclusions, and 25 pages of materials to help other nonprofits develop their own older adult leadership trainings.

Experience Corps, an award-winning program, engages people over 55 in meeting their communities' greatest challenges. Today, in 19 cities across the country, 2,000 Experience Corps members tutor and mentor elementary school students struggling to learn to read. Experience Corps is a signature program of Civic Ventures.

Civic Ventures thanks the Robert Wood Johnson Foundation and The UPS Foundation for their support of *Leading With Experience*.
